THE BMW M2 COMPETITION.

Truly M to its core – the first ever BMW M2 Competition embodies absolute sportiness and uncompromising driving pleasure that has to be experienced to be believed. Combining distinctive M design with improved dynamics and racetrack credentials, the BMW M2 Competition captures motor racing heritage the way only M knows how. The powerful M Bi-TwinPower Turbo six-cylinder in-line petrol engine, driving the rear wheels via the optional seven-speed M Double Clutch Transmission, accelerates the vehicle from 0-62mph in just 4.2 seconds.

The updated exterior design features a redesigned front apron with enlarged air intakes and M door mirrors in twin-stalk style, demonstrating the authentic M character. In the interior, the M Sport seats with illuminated M2 badging not only provides perfect ergonomics but also underscores the driver-oriented cockpit. With the latest ConnectedDrive technologies and BMW Professional Navigation system, included as standard, the BMW M2 Competition delivers an unprecedented driving experience.

* = Figures are for comparison purposes and may not reflect real life driving results which depend on a number of factors including the accessories fitted (post registration), variations in weather, driving styles and vehicle load. All figures were determined according to a new test (WLTP). The CO₂ figures were translated back to the outgoing test (NEDC) and will be used to calculate vehicle tax on first registration. Only compare fuel consumption and CO₂ figures with other cars tested to the same technical procedure. Figures in () apply to cars with MDCT (M Double Clutch Transmission)
